

January 28, 2021

Dear Customers, Suppliers, and Industry Partners,

With regards to the COVID-19 pandemic, we want to update you that Inrad Optics is continuing to ensuring the health and safety of our employees and associates by actively and earnestly following all best practice CDC guidelines for prevention in the workplace (<https://www.cdc.gov/coronavirus/2019-ncov/prepare/prevention.html>.) We continue to enforce strict social distancing, hygiene and masking practices across the entirety of our operations. Our large facility allows us, especially our technicians, to adhere to social distancing best practices while maintaining production.

We maintain our remote workforce where practicable, and our sales staff is available to serve our customers with no change to availability. Please feel free to reach out to us on our main phone line, 201-767-1910, to connect with any member of our team, or to request a direct dial number.

We will continue to monitor all guidance from the CDC and state and federal agencies in regard to the availability of the COVID-19 vaccine as we continue to support our employees and our business during this difficult time. Please visit our website (www.inradoptics.com) contact page should you need further information or contact our sales team directly for any impact related to your scheduled deliveries.

Sincerely,

Amy Eskilson
President & CEO
Inrad Optics
